

History 110 - Course Syllabus

Course Title: *Church History (3 Credits)*

Course Description: According to Acts, church history describes the triumph of the word under the authority of Christ and in the power of the Spirit. In this course, students follow both the movement and defense of this sovereign word. In doing so, students see how God is still training His people through experiences to see new things in His inerrant word, for both the unity and maturity of the church. On the first day, students are introduced to church history through a historical catechism, which must be memorized by the fifth week. For homework, students read firsthand a leading theologian from some of the church traditions—Athanasius, Augustine, Anselm, Luther, Calvin, Edwards, and Machen. To help with comprehension, students complete a reading guide and then demonstrate their progress through weekly quizzes. The course ends with a comprehensive final exam. Overall, emphasis is placed on appreciating the evangelical tradition and making personal application.

Class Time: Class meets once a week on Sundays from 4pm-7pm. Class takes place in Room 105 at Hope Community Church, located at 2100 Ellsworth Rd. Ypsilanti, MI, 48197. Class time is broken down into the following general schedule:

- Quiz (4:00 - 4:10)
- Review of Assignments (4:10 - 4:30)
- Lecture (4:30 - 5:20)
- Break (5:20 - 5:30)

- Break (6:25 - 6:30)
- Discussion (6:30 - 7:00)

Assignments:

- **Quizzes** - There are twelve quizzes over the course of the semester. These quizzes generally take place at the beginning of class time each week and cover the previous week's materials. The quiz format includes multiple-choice, fill-in-the-blank, and short-answer-style questions. The purpose of these quizzes is to provide the students with regular graded feedback on their understanding of the course material and to prepare them for the exams. The quizzes also ensure a student's regular and on-time attendance for the scheduled lecture time. The lowest two quiz scores for each student are dropped.
- **Historical Catechism** – This page of questions and answers is presented on the first day of class. Students memorize the answers and gain a quick timeline and framework for the materials in the course. The catechism is tested on the fifth week and then as part of the final exam.
- **Reading and Reading Guide** – Each week a selection is assigned, often from a major theologian in one of the church traditions. Students read the selection and complete the reading guide in preparation for class discussion and the final exam. A copy of the reading guide is brought to class and shown to the instructor at the start of class. Notes are taken from the class discussion and added later to the reading guide. A final copy is turned in the next day through Canvas. Instructions for the reading guide (and a sample) are published on Canvas.
- **Final Exam** - The final exam is scheduled for 12/17/23. There is about an hour of final review in class before the exam is taken. The exam is cumulative and gives equal weight to all portions of the class. The historical catechism is also part of the final exam. The purpose of the final exam is to encourage each student to review the entire course material and to ensure that each student retains the information learned throughout the course of the semester. The exam is structured in the same format as the quizzes.
- **Optional Essay** – Extra credit up to three percentage points (depending on the quality) is given to a double-spaced, 1200-word essay on any major theme in church history.

The paper must thoughtfully incorporate quotes from at least five assigned readings. Other primary and secondary sources are also allowed, but credit is given according to the devotional and/or practical application of the theme. *Note: Extra credit cannot make up for missing assignments.* All work in this course must be completed to receive credit.

Canvas: Canvas is an online course management system for college courses. It is used in this course for online submission of assignments and for posting grades, announcements, and access to relevant course documents. Further details on how to set up a Canvas account and access this course can be found in the appendix to this document.

Assessment: Assignments have the following grade weights:

Assignment	Grade Weight	Notes
Quizzes	20%	12 quizzes, according to the course schedule (lowest two quizzes, dropped)
Reading Guides	40%	12 reading guides, each given equal weight
Historical Catechism	10%	Tested on 10/01/23
Final Exam	30%	Taken on 12/17/23

We use the following thresholds to convert raw scores in the course into letter grades:

- A+: $\geq 98\%$
- A: $\geq 92\%$
- A-: $\geq 90\%$
- B+: $\geq 88\%$
- B: $\geq 82\%$
- B-: $\geq 80\%$
- C+: $\geq 78\%$
- C: $\geq 72\%$
- C-: $\geq 70\%$
- D+: $\geq 68\%$
- D: $\geq 62\%$
- D-: $\geq 60\%$
- F: $< 60\%$

Depending on the distribution of raw scores at the end of the semester, these thresholds may change; however, the final thresholds will be no stricter than the current thresholds. For example, if you receive a raw score of 85% in the course, you will be guaranteed a letter grade of at least B; however, it may happen that you receive a higher letter grade depending on the overall distribution of raw scores.

Late Policy:

Assignments are expected to be submitted prior to the due date. If there are extraordinary circumstances outside of the student's control, they may request an extension from the teaching staff.

Additionally, it is often the case that due to any number of other circumstances, a student finds that they are unable to adequately complete a given assignment. In such cases, the student is welcome to submit the assignment after the due date, up to the end of the semester; however, a late penalty will be given for such a late assignment. The standard late penalty is a 20% flat reduction in grade for the given assignment. This late penalty is meant to penalize late submissions and encourage timeliness, while still allowing the student to still finish the given assignment to the best of their ability even if they are unable to complete the assignment for some time due to any extended circumstances.

This late policy is subject to instructor discretion. The 20% late penalty policy is intended to allow for unique or difficult but not extraordinary circumstances. Any student who abuses this policy, per the instructor's discretion, is liable to have this policy revoked and the grade revert to either a zero or that based on any submission prior to the due date.

Appendix: Academic Integrity

Students are expected to hold themselves to a Christian standard of ethics in all matters. This includes but is not limited to, refraining from any forms of plagiarism, cheating, sharing, or acquiring any materials that would give a student an unfair advantage, or any dishonest representation of one's work. Below are outlined the consequences for an infringement of academic integrity for a given assignment:

- First offense – A grade of zero is given for the assignment; the professor must notify the Registrar and Dean of Students. A statement goes into the student's file.
- Second offense – A grade of F is assigned for the course; the professor must notify the Registrar and Dean of Students. A statement goes into the student's file. The Dean of Students and/or Registrar will notify faculty of students who incur a second offense in this area.
- Third offense – The professor must notify the Registrar and Dean of Students. A statement goes into the student's file and the student may be suspended or dismissed from this institution.

Appendix: Policy on Use of Generative Language Models for Written Assignments

The use of generative language models, such as ChatGPT, is not strictly prohibited and in some cases is very much encouraged as a research and brainstorming tool. However, all written assignments submitted as your own work should reflect your own personal writing. This prohibits copy and paste use of such tools, however, you may feel free to quote such tools provided that you make clear it is a quotation.

In general, you should treat generative language models as equivalent to speaking to another person. You may gain insight from them and be able to improve your value and productivity, but you should not misrepresent someone else's work as your own. These tools may also be treated somewhat like calculators in a math class. You may use them when appropriate and assignments may even assume their use in some ways, but all submitted work must be your own unless specified otherwise.
